

2009 Legislative Day

- As soon as possible, call your legislators to invite them to lunch and to set an appointment – their schedules fill up quickly!
- Senators have committee in the afternoon, so call them first to get on their schedule to work around their committee commitments.
- Representatives have session at 12:00pm that day, so to meet with them after lunch, ask their scheduler if you can pull them off the House Floor. (Unless you want to stay late!)
- Invite their Legislative Assistant who works on Education issues to participate in the appointment.
- Make sure you follow up with them the week before the event regarding both lunch and your appointment.
- If you are bringing information to your legislators, remember to bring an extra copy for the Legislative Assistant of each legislator you visit.
